Please go to <https://commpe.pictavo.com/shop>

- School Code is 92589
- Click Shop My School
- Create a login
- This is where you can order your yearbook online and or create and pay for your student recognition ad
- You can start and come back to it (under My Stuff)
- This is a click and drag program

There are lots of fun templates that are already created for the 1/8-page size, (see green buttons- Choose Design and Import Images)

There is also clipart, backgrounds and places to add your sentimental thoughts. Have fun and be creative (The good thing is that if you're not a creative person that's ok since you don't have to be...it's already 'creative' for you)

Find a picture of when your student was little and super cute or a favorite memory you have of them.

This will be a fun surprise for your 6th grade student to help celebrate them as they head off to Junior High!!

*****Don't be afraid to be creative! *****
